# Timotej Poľanský

## About me

I took a liking to programming several years ago. Since then, I've been working on miniscule projects of mine learning multiple languages and technologies in the process (and also in school) but never mastering any of them. I look forward to potentially expanding my repertoire and mastering my skills.

## Education

2020 – 2021 **Technical University of Košice**

Informatics, Faculty of Electrical Engineering and Information Technology
